This Drama club will be primarily for those who wish to work on producing a short play by the end of the year. This could be a devised, original play or a short script if that is preferred by the group. There will be opportunities for activities other than acting, so those who would like to write scripts or help with backstage elements are welcome. Pupils will need to make a commitment to attending each week to ensure that we can rehearse effectively during the club lunchtime sessions.
